CHARGE OF TREASON

The Government Says He Went to South Africa and Offered His Services to the Boers While Yet a British Subject.

London, June 14.—Bow street police court was crowded this morning when investigation into the charge of high treason brought against Col. Arthur Lynch, formerly of the Boer army, was begun. Col. Lynch, who was elected a member of parliament for Galway in November last, was arrested at New Haven Wednesday upon landing from France. Mrs. Lynch and other friends of accused were present. Solicitor General Sir Edward Carson in opening for the prosecution alluded briefly to Col. Lynch's Australian birth, his residence in Paris and his departure to Transvaal in 1900.

"The case for prosecution" said Sir Edward, "is that on arriving in South Africa Lynch took service with the Transvaal government, raised a regiment, of which he acted as commander, to fight in behalf of the Boers and actively fought against General Buller's operations."

"Lynch was in Pretoria January 15, 1900," the solicitor general continued, "and wrote to Transvaal authorities notifying them of his desire to take up arms January 18, he signed a field cornet's certificate, describing himself as an Irishman, a British subject as born in Australia, but declaring his willingness to fight for the South African republic in order to maintain and defend its independence. Lynch also took the oath of allegiance as a full burgher, the certificate enabling him to do so as well as accept commission from the Transvaal government. Lynch then raised the so-called Irish brigade, joined the invading army in Natal, and issued an appeal signed, 'Arthur Lynch, colonel Irish brigade,' inviting Irishmen to 'assist the two republics.'"

Hon. Chas. Russell, second son of late Lord Chief Justice, Baron Russell of Killowen, in behalf of the defendant said Lynch had faced the proceedings like a man. What he had done had been done openly and he desired to facilitate inquiry as much as possible.

After police had furnished evidence of the prisoner's arrest, he was remanded to June 21. During the course of this evidence Detective Inspector Walsh testified to finding in Col. Lynch's pocket a visiting card of Hamilton Holt, introducing Col. Lynch of the Boer army to three Americans, A. S. Hardy, United States minister at Bern, Switzerland; H. W. Bowen, United States minister to Teheran, now minister to Venezuela, and Prof. Richardson of the American school at Athens, and some testimony was presented regarding Col. Lynch's presence "on command" in Natal.

Attacked by a Coon.
Chased a pet coon into the residence Hillsboro, Tex., June 14.—Some dogs of H. P. Hawkins and leaping on a bed where his two sons were asleep attacked them. Their cries brought Mr. and Mrs. Hawkins to their assistance, and both of them were bitten on the feet by the coon. The boys are reported very badly bitten and a physician had to be called in to dress the wounds. The dogs followed the coon into the house, leaping in through a window after it. After a sharp fight in the room it ran back into the yard, where Mr. Hawkins dispatched it with a stick.

Missing Italian Found.
New York, June 14.—An Italian known here as Carlo Cattapani Marquis de Cordova, disappeared from his boarding house in this city last week, has been found tied to tracks of New York Central railroad at 115th street and North river. He was taken to the hospital where he made a statement. The hospital physician said he believed the man had been poisoned. When he came here Cattapani said he was searching for papers which would prove his right to valuable estate in Spain. Last Saturday he told proprietress of his boarding house he was going to meet a man who would give him his papers needed in return for reward of \$100.

Boy Badly Hurt.
Anson, Tex., June 14.—Sheff Swan arrested Will Alexander on a charge of assault with intent to murder Arthur Massey, a boy about 11 years old. Alexander is a man about 30 years of age. He and the boy were chopping cotton together. The boy was struck over the head with a hoe handle, inflicting a dangerous if not fatal wound.

Board Bill Law Invalid.
Sherman, Tex., June 14.—In the case of A. F. West, charged with a violation of the law forbidding the beating

or a board bill, County Judge Woods on a hearing of the case upon a writ of habeas corpus discharged West from custody. One important phase of the court's order in this case is that the law was held to be unconstitutional.

Resolution Tabled.

Washington, June 14.—The house tabled the resolution offered by Hay of Virginia calling on the secretary of war for a statement of money expended by the United States on the Philippine account since May 1, 1898.

MINERALS OF THE SOUTH

Greater Activity in This Development Than for a Long Time.

Baltimore, June 14.—Mineral development in the south shows signs of greater activity than ever. During the past week two companies have come into the field at Mobile, one, with a capital stock of \$1,000,000, which proposes to bring into the market minerals on 100,000 acres of land in Alabama and Mississippi, and another with a capital of \$200,000 which will in addition to handling cement rock, marble, clays and other minerals in Clarke county, Ala., develop water power for manufacturing plants, while it is reported that 220 acres of gold bearing lands on the Coosa river have been leased for development, and that \$100,000 is to be invested in coal mining on 3000 acres of land near Jasper. West Virginia coal mining is expanding, the latest announcements being the organization of companies to mine at Bluefield, Crown Hill, Crafton and Pocahontas. Petroleum is being sought, not only in West Virginia but in Kentucky, Texas and Louisiana, while attention is being given to zinc in Arkansas and Tennessee and to copper in Virginia. In the meantime, there is a steady growth in the number of manufacturing plants of many kinds. Among these recorded in the Manufacturers' Record are the following States:

Arkansas—Enlargement of button factory at Black Rock; a large creosoting plant at Texarkana and grist mill at Forrest City.

Louisiana—A rice mill of 800 barrels capacity at Mirland to use oil for fuel; the development by a \$600,000 company formed at New Orleans of oil and sulphur lands; candy factory at New Orleans.

Mississippi—A 40-ton cotton oil mill at Hattiesburg; a \$20,000 cannery to handle fruits, vegetables and oysters at Pascoagoula; an ice plant at Pickens; a saw mill at Wilmer; improvement of the cotton mill at Stoneville; a saw and planing mill at Greenville and a cannery and medicine factory at Aberdeen.

Texas—Lumber plant at Bivins; brick works, trunk factory, implement works and oil refinery at Dallas; grist mill at Crockett; cotton oil mill at Huntsville; vehicle works at Navasota; cotton oil mill at Beeville; brick works at Brenham; knitting mill at Ferris; grain elevator at Fort Worth; paint and varnish works at Preston; a 3000 spindle cotton mill at Waco, and the expenditure of \$375,000 in extending the use of round lap cotton presses to 21 more tons.

CONFEDERATE ARCH.

The One at Columbus Unveiled and Dedicated With Ceremonies.

Columbus, O., June 14.—The unveiling and dedication of the memorial arch to 2250 Confederate dead attracted 5000 people from all parts of the country to this city Saturday. The arch was the gift of William Harrison of Cincinnati, former citizen of Columbus. The dead soldiers were prisoners of Camp Chase, west of Columbus, during the war, and died in prison. For many years the little cemetery was neglected. Former President Hayes paid a farmer to keep the burial ground free from weeds. Former Gov. Foraker had the government enclose the spot with a stone wall. Several years ago, Colonel W. H. Knauss, a public spirited local citizen and a federal soldier, instituted the yearly custom of decorating the graves. Harrison was not a soldier in either army, but was influenced in making his gift by sentiment. The ceremonies were most elaborate. There were many ex-Confederates present from all parts of the south and many floral offerings from Confederate camps in the south were sent. Among the speakers were Governor Nash and General John B. Gordon. The graves were decorated by ladies of the Grand Army of the Republic and Daughters of the Confederacy.

On motion the delegates to the state convention were instructed to vote for Lanham for governor, and for all candidates for state offices, naming Bickett for state treasurer. Other instructions were made as follows:

For Congress, Hon. Scott Field; for district attorney, V. B. Hudson; for state senator, Hon. Alf Harper of Limestone county; for court of civil appeals, first district, Hon. C. C. Garrett; for representative, J. L. Fountain.

The following resolution was introduced by J. E. Butler and adopted by a vote of 86 to 7:

"It having been suggested that a primary election be held for the nomination of county officers, we deem it advisable that the convention give expression to its views on that subject.

"Under the policy heretofore pursued of allowing a 'free for all' race in a general election, no complaint can justly be made as to the manner in which the business affairs of the county have been conducted, but on the contrary the present conditions of the county finances and other affairs are a subject for congratulation. We therefore do not see that a necessity exists for a change in the manner or mode in which such conditions have been brought about. A primary election would not only involve the people in two heated campaigns, but would be likely to disorganize labor and arouse political and racial animosities where none now exist, without promising any material benefits or improvements. Therefore, be it

"Resolved that we, the Democrats of Brazos county, in Convention assembled, oppose the nomination of county officers by primary election or otherwise."

The following resolution was offered by Walter Wiprecht and adopted.

DEMOCRATIC COUNTY CONVENTION.

Instructions for State and District Officers—Resolution Against Primaries—Sayers and Fountain Endorsed.

The democratic county convention of Brazos county met at the courthouse yesterday at 2 p. m., and was called to order by Chairman W. C. Boyett. On motion temporary organization was effected by electing J. W. Carson chairman and H. A. Burger secretary.

The following committee on credentials, consisting of one member selected by the delegates of each precinct, was appointed: F. W. Yeager, W. R. Pate, J. E. Mathis, J. J. Adams, C. A. Glenn, J. T. Laathers, J. H. Suber.

The following committee was appointed on permanent organization: Dr. W. J. Adderhold, G. W. Graham, John T. Jones, J. R. Astin, S. S. Kennedy, R. A. McCoy, A. J. Tabor.

The following committee was appointed to select delegates to the various conventions: P. H. Arrington, M. G. Buchanan, J. R. Smith, J. E. Butler, J. E. Astin, T. W. Frame, W. C. Boyett.

The credentials committee reported the list of delegates entitled to seats in the convention and the number of votes of each precinct, and the report was adopted.

On motion the temporary organization was made permanent.

The committee to select delegates to the various conventions reported as follows, the report being adopted:

Delegates to State Convention—Geo R Tabor, H B Stoddard, C A Adams, A G Board, W G Taliaferro, J R Astin, M Nagle, T P Boyett, T C Nunn, S M Derden, Mark Wilcox, J K Parker, J E Butler, Walter Wipprecht, L L McInnis, A J Buchanan, A W Buchanan, J J Adams, W C Boyett, J H Suber, C S Jonas, T W Frame, W D Yardley, C A Glenn, Jno E Astin, O J McCoy, P H Arrington, J H Royder, J W Carson, J F Eaves, P M Hicks, S S Kennedy, G W Dunlap, A J Tabor, L L Battle, B L Reed, J S Mooring, Seth Mooring, W E Saunders, S R Henderson, Malcolm Carnes, V B Hudson, J W Doremus, A C Breitz, C S Gainer, J L Fountain, H H Harrington, G S Parker,

Robt Armstrong; H G Rhodes, R M Nall. Congressional Convention—W G Taliaferro, Mark Wilcox, S M Derden, J R Astin, Walter Wipprecht, J E Butler, W C Boyett, J E Astin, L B Reed, O J McCoy, C S Gainer, A G Board, J C Blume, J F Eaves, L C Sellers, M Nagle, C A Glenn, Robt Armstrong, C S Jones, W D Yardley, T W Frame, S S Kennedy, G S Parker, H A Burger, Malcolm Carnes, J L Fountain, J W Burrows, C A Adams. Senatorial Convention—J W Doremus, Robt Astin, J L Fountain, R A McCoy, Dr E F Gregory, Dave South, W J Adderhold, A L McLeod, S S Kennedy, H H Harrington, G W Dunlap, L L McInnis. State Judicial—J F Parks, W E Johnson, J E Butler, A C Breitz, J W Doremus, Robt Armstrong. District Judicial—L L McInnis, V B Hudson, Lamar Bethea, M Nagle, Robt Armstrong, H H Harrington, Geo W Dunlap.

On motion the delegates to the state convention were instructed to vote for Lanham for governor, and for all candidates for state offices, naming Bickett for state treasurer. Other instructions were made as follows:

For Congress, Hon. Scott Field; for district attorney, V. B. Hudson; for state senator, Hon. Alf Harper of Limestone county; for court of civil appeals, first district, Hon. C. C. Garrett; for representative, J. L. Fountain.

The following resolution was introduced by J. E. Butler and adopted by a vote of 86 to 7:

"It having been suggested that a primary election be held for the nomination of county officers, we deem it advisable that the convention give expression to its views on that subject.

"Under the policy heretofore pursued of allowing a 'free for all' race in a general election, no complaint can justly be made as to the manner in which the business affairs of the county have been conducted, but on the contrary the present conditions of the county finances and other affairs are a subject for congratulation. We therefore do not see that a necessity exists for a change in the manner or mode in which such conditions have been brought about. A primary election would not only involve the people in two heated campaigns, but would be likely to disorganize labor and arouse political and racial animosities where none now exist, without promising any material benefits or improvements. Therefore, be it

"Resolved that we, the Democrats of Brazos county, in Convention assembled, oppose the nomination of county officers by primary election or otherwise."

The following resolution was offered by Walter Wipprecht and adopted.

Hon. Joseph D. Sayers, Governor of the State of Texas, has been wise, judicious and to the best interest of the country;

A resolution introduced by J. J. Adams, endorsing the course of Representative J. L. Fountain was adopted.

The dinner was originated by Lindsey Russell and his first idea was to confine his guests to the Americans in London who came from southern states alone, but the idea was gradually enlarged until the hosts sent invitations to Americans from all parts of the United States and the guests of the evening included many prominent Englishmen. The dinner was followed by speeches and toasts and many tributes were paid to those present. King Edward and President Roosevelt were toasted with much enthusiasm. Responding to a toast General Wheeler said that the United States could never forget the debt of gratitude they owed Great Britain for the latter's attitude at the time of the Spanish-American war.

Telegrams were received last night announcing that Hon. Scott Field defeated Hon. R. E. Prince for congress in the primaries of Limestone county yesterday. This gives Field the nomination.

Advices from Falls county last night indicated that Henry has defeated Thomas for congress, insuring the former's re-election.

George Whitehead, colored, was stabbed in the left breast late yesterday afternoon at the negro saloon on north Main street. The knife probably penetrated the lung and the wound is serious. Dennis Watson, another negro, was lodged in jail charged with the crime.

Dinner to Americans.

London, June 14.—A dinner of welcome was given Friday night to General Joseph Wheeler, Henry Clay Evans, the new consul general and Congressman English of Indiana, at which many representative Americans and Englishmen were present. The dinner was originated by Lindsey Russell and his first idea was to confine his guests to the Americans in London who came from southern states alone, but the idea was gradually enlarged until the hosts sent invitations to Americans from all parts of the United States and the guests of the evening included many prominent Englishmen. The dinner was followed by speeches and toasts and many tributes were paid to those present. King Edward and President Roosevelt were toasted with much enthusiasm. Responding to a toast General Wheeler said that the United States could never forget the debt of gratitude they owed Great Britain for the latter's attitude at the time of the Spanish-American war.

Katy Brakeman Killed.

Denison, Tex., June 14.—G. O. Hurse, a Katy brakeman, was killed at the west Denison yards of the Katy Friday. Hurse was on an extra south bound freight in charge of Conductor Ed Hite and pulled by Engineer Sommers. The train had just been made up and Hurse was riding on the pilot of the engine going up to the lead track to couple on the caboose. In some manner his foot slipped and he fell underneath the engine, which passed over him, cutting him in two. The severed body of the dead man was brought to the city and taken to the undertakers.

CUBAN RECIPROCITY

President Urges Congress to Adopt Such a Course.

IS OUR DUTY TO CUBA

The President's Action, It Is Stated, Was Influenced by Actual Duty of the United States Toward the New Republic.

Washington, June 14.—After talking with a number of the leaders in congress regarding Cuban reciprocity, President Roosevelt Friday determined to send a message to congress reaffirming his attitude on the subject. The president has earnestly considered the matter for several days and it is stated that the action of the anti-reciprocity Republican senators Thursday, in deciding to hold out against the policy advocated by the majority of the party, did not influence the president in deciding to transmit his message to congress.

The president's action, it may be stated from sources close to him, was influenced by the broad question of the duty of the United States to Cuba and of fairness to the new republic. It has been pointed out to the president that his warmest political support is in the section of the country where there is the greatest opposition to reciprocity, the west and northwest, and that he should remain content with the stand he had taken without accentuating his views in a special message. It is known, however, that the president did not hesitate to arrive at the conclusion that he would not let his political prospects interfere with what he regarded as his plain duty. It is further known that he told his friends that it was a source of great regret to him to take a position hostile to the wishes of his warmest supporters but that he felt it would not be in keeping with his own nature and his position of chief executive to longer remain silent on this subject and thereby give an opportunity for false speculation as to his attitude.

The president was further led to conclude that the relations of the United States and Cuba must necessarily grow closer and that the United States should at the outset after its declared purpose toward the island, assume a position contrary thereto and thus arouse the suspicions of the Cuban government as to our real intentions toward it. It is alleged that the positive declaration in his message Friday as to the duty of congress probably will end his active efforts to bring about reciprocity.

Hobson's Retirement Postponed.

Washington, June 14.—The house committee on naval affairs has decided to postpone until next session the bill for the retirement of Naval Constructor R. P. Hobson on account of defective eyesight. The report states that only the gravest reasons would justify special legislation of this kind and that with further rest and care Constructor Hobson may so far recover as to render the service to the navy for which he is well fitted.

Homestead Filings.

Guthrie, O. T., June 14.—The government land office at El Reno reached the 9000 mark Thursday in homestead filings. Five thousand seven hundred and fifty is the total number of tracts of land filed on in that district from the Kiowa-Comanche country, opened to settlement last autumn. It would appear from the 9000 filings that nearly all the original entrymen relinquished, but this is incorrect, as the majority of original entrymen are now on their claims, but in many cases the same tract of land has been acted upon and relinquished several times.

Both Sides Firm.

Wilkesbarre, Pa., June 14.—After the sixth week the anthracite coal mine strike is still on. Neither side has weakened an inch, and each side stands just as firmly as it did 35 days ago. As days go by it becomes more apparent that it is a case of "survival of the fittest." Neither miner nor operators have anything further to propose, and if a solution of the dispute is to come it looks very much as if though it will have to come from a third party.

Want to Annex Cuba.

Washington, June 14.—In the senate Mr. Elkins of West Virginia introduced a joint resolution providing for the annexation of Cuba and its admission as a state of the Union.

The resolution was allowed to lie on the table.

George Goodall Pardoned.

Columbus, O., June 14.—Geo. Goodell has been pardoned from the Ohio penitentiary by President Roosevelt. He was sentenced in the Indian Territory to serve two sentences of 10 years each for manslaughter. He killed John Fulsom and brother.

Larger Reward Offered.

Portland, Ore., June 14.—The hunt for Tracy and Merrill, escaped convicts, has been abandoned and state troops sent home. Governor Geer has doubled the reward for the capture of the fugitives, dead or alive, making it now \$3000.

Fireman Johnson Dead.

Houston, Tex., June 14.—Fireman Cliff Johnson, who was thrown from the chief's buggy Thursday night while going to a fire, died at St. Joseph's infirmary. His skull was crushed by the fall.

THE IRRIGATION BILL

It Passes the House by a Vote of 146 to 55.

AMENDMENT SLIGHT

The Bill Had Already Passed the Senate—It Provides for a Fund to Irrigate Large Portion of the West and Northwest.

Washington, June 14.—The house Friday passed the irrigation bill by a vote of 146 to 55. Many amendments were offered, but only one except those offered by the committee, was adopted. It was of a minor character. The bill already had passed the senate. The friends of the measure greeted the announcement of its passage with a round of applause.

The bill as passed creates a reclamation fund for the sale of public lands in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming, less the amount paid to local land offices and 5 per cent due the state under existing laws for educational purposes, the reclamation fund to be used for the construction and maintenance of irrigation works in the states and territories enumerated. Provision is made for the payment out of the treasury of any deficiencies in the allowances to agricultural colleges owing to this disposition of public lands. The secretary of the interior is authorized to examine, survey and construct the irrigation works and report thereof to congress at each session.

Section 4 provides for the letting of contracts for the works contemplated in sections when the necessary funds are available in the reclamation fund for such section.

Section 5 provides that "no right to the use of water for land in private ownership shall be sold for a tract exceeding 160 acres to any one land owner, and no such right shall permanently attach until all payments therefor are made, and no such sale shall be made to any land owner unless he be an actual, bona fide resident on such land or occupant thereof residing in the neighborhood of said land.

Section 6 authorizes the secretary to use the reclamation fund for the operation and maintenance of the irrigation work.

Section 8 requires state control over waters of non-navigable streams such as are used in irrigation.

Death Penalty Given.

San Antonio, Tex., June 14.—John Jenkins, charged with complicity in the murder of Mrs. Jane Barber, Wiley Barber and Levi Barber in Atascosa on Sept. 13, 1899, was convicted here and the death penalty assessed. The case was tried in San Antonio on a change of venue.

Mrs. Jane Barber, aged 80 years, and her two sons, John and Levi, the latter a weak-minded man, were murdered at their home, the object being to get possession of the property, valued at \$10,000.

B. Qualls, a boy, was first arrested, and he made a full confession, telling where a sum of money taken from the house had been concealed. This was recovered and the arrest of Fred and John Jenkins followed. The conviction of John Jenkins is the sequel to the tragedy.

The murder was one of the most horrible ever committed in southwest Texas, the victims being slaughtered with an ax.

Fire at South McAlester.

South McAlester, I. T., June 14.—A fire broke out shortly after 3 o'clock Friday afternoon in the smokehouse in the rear of Cudahy's packinghouse on East Choctaw avenue and destroyed the packinghouse, S. C. Cochran's wholesale grain and feed house, Rockwell Bros. & Co's lumber office, a frame building belonging to S. G. Deebler, who also owned the Cudahy building. The fire was checked before it got well into the Rockwell lumber stock.

Katy Extension.

Austin, Tex., June 14.—Rumors have reached here that the Missouri, Kansas and Texas railway system is contemplating important extensions in Texas, especially in securing a connection with the Beaumont oil, rice and lumber district, and also an outlet on its own rails for the lumber tonnage originating on its present isolated road operating between Trinity and Colmesneil.

CUBAN RECIPROCITY THE IRRIGATION BILL

President Urges Congress to Adopt Such a Course.

IS OUR DUTY TO CUBA

The President's Action, It Is Stated, Was Influenced by Actual Duty of the United States Toward the New Republic.

Washington, June 14.—After talking with a number of the leaders in congress regarding Cuban reciprocity, President Roosevelt Friday determined to send a message to congress reaffirming his attitude on the subject. The president has earnestly considered the matter for several days and it is stated that the action of the anti-reciprocity Republican senators Thursday, in deciding to hold out against the policy advocated by the majority of the party, did not influence the president in deciding to transmit his message to congress.

The president's action, it may be stated from sources close to him, was influenced by the broad question of the duty of the United States to Cuba and of fairness to the new republic. It has been pointed out to the president that his warmest political support is in the section of the country where there is the greatest opposition to reciprocity, the west and northwest, and that he should remain content with the stand he had taken without accentuating his views in a special message. It is known, however, that the president did not hesitate to arrive at the conclusion that he would not let his political prospects interfere with what he regarded as his plain duty. It is further known that he told his friends that it was a source of great regret to him to take a position hostile to the wishes of his warmest supporters but that he felt it would not be in keeping with his own nature and his position of chief executive to longer remain silent on this subject and thereby give an opportunity for false speculation as to his attitude.

The president was further led to conclude that the relations of the United States and Cuba must necessarily grow closer and that the United States should at the outset after its declared purpose toward the island, assume a position contrary thereto and thus arouse the suspicions of the Cuban government as to our real intentions toward it. It is alleged that the positive declaration in his message Friday as to the duty of congress probably will lend his active efforts to bring about reciprocity.

Hobson's Retirement Postponed.

Washington, June 14.—The house committee on naval affairs has decided to postpone until next session the bill for the retirement of Naval Constructor R. P. Hobson on account of defective eyesight. The report states that only the gravest reasons would justify special legislation of this kind and that with further rest and care Constructor Hobson may so far recover as to render the service to the navy for which he is well fitted.

Homestead Filings.

Guthrie, O. T., June 14.—The government land office at El Reno reached the 9000 mark Thursday in homestead filings. Five thousand seven hundred and fifty is the total number of tracts of land filed on in that district from the Kiowa-Comanche country, opened to settlement last autumn. It would appear from the 9000 filings that nearly all the original entrymen relinquished, but this is incorrect, as the majority of original entrymen are now on their claims, but in many cases the same tract of land has been acted upon and relinquished several times.

Both Sides Firm.

Wilkesbarre, Pa., June 14.—After the sixth week the anthracite coal mine strike is still on. Neither side has weakened an inch, and each side stands just as firmly as it did 35 days ago. As days go by it becomes more apparent that it is a case of "survival of the fittest." Neither miner nor operators have anything further to propose, and if a solution of the dispute is to come it looks very much as if it will have to come from a third party.

Want to Annex Cuba.

Washington, June 14.—In the senate Mr. Elkins of West Virginia introduced a joint resolution providing for the annexation of Cuba and its admission as a state of the Union.

The resolution was allowed to lie on the table.

George Goodall Pardoned.

Columbus, O., June 14.—Geo. Goodall has been pardoned from the Ohio penitentiary by President Roosevelt. He was sentenced in the Indian Territory to serve two sentences of 10 years each for manslaughter. He killed John Fulson and brother.

It Passes the House by a Vote of 146 to 55.

AMENDMENT SLIGHT

The Bill Had Already Passed the Senate—It Provides for a Fund to Irrigate Large Portion of the West and Northwest.

Washington, June 14.—The house Friday passed the irrigation bill by a vote of 146 to 55. Many amendments were offered, but only one except those offered by the committee, was adopted. It was of a minor character. The bill already had passed the senate. The friends of the measure greeted the announcement of its passage with a round of applause.

The bill as passed creates a reclamation fund for the sale of public lands in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming, less the amount paid to local land offices and 5 per cent due the state under existing laws for educational purposes, the reclamation fund to be used for the construction and maintenance of irrigation works in the states and territories enumerated. Provision is made for the payment out of the treasury of any deficiencies in the allowances to agricultural colleges owing to this disposition of public lands. The secretary of the interior is authorized to examine, survey and construct the irrigation works and report thereof to congress at each session.

Section 4 provides for the letting of contracts for the works contemplated in sections when the necessary funds are available in the reclamation fund for such section.

Section 5 provides that "no right to the use of water for land in private ownership shall be sold for a tract exceeding 160 acres to any one land owner, and no such right shall permanently attach until all payments therefor are made, and no such sale shall be made to any land owner unless he be an actual, bona fide resident on such land or occupant thereof residing in the neighborhood of said land."

Section 6 authorizes the secretary to use the reclamation fund for the operation and maintenance of the irrigation work.

Section 8 requires state control over waters of non-navigable streams such as are used in irrigation.

Death Penalty Given.

San Antonio, Tex., June 14.—John Jenkins, charged with complicity in the murder of Mrs. Jane Barber, Wiley Barber and Levi Barber in Atascosa on Sept. 13, 1899, was convicted here and the death penalty assessed. The case was tried in San Antonio on a change of venue.

Mrs. Jane Barber, aged 80 years, and her two sons, John and Levi, the latter a weak-minded man, were murdered at their home, the object being to get possession of the property, valued at \$10,000.

B. Qualls, a boy, was first arrested, and he made a full confession, telling where a sum of money taken from the house had been concealed. This was recovered and the arrest of Fred and John Jenkins followed. The conviction of John Jenkins is the sequel to the tragedy.

The murder was one of the most horrible ever committed in southwest Texas, the victims being slaughtered with an ax.

T., June 14.—A fire broke out shortly after 3 o'clock Friday afternoon in the smokehouse in the rear of Cudaby's packinghouse on East Choctaw avenue and destroyed the packinghouse, S. C. The fire was checked before it got well into the Rockwell lumber stock.

Katy Extension.

Austin, Tex., June 14.—Rumors have reached here that the Missouri, Kansas and Texas railway system is contemplating important extensions in Texas, especially in securing a connection with the Beaumont oil, rice and lumber district, and also an outlet on its own rails for the lumber tonnage originating on its present isolated road operating between Trinity and Colmeswell.
